Inquired of MemberClicks about a wiki-like scenario for board member documents. It looks like we could do this through MemberClicks through the Board Plus Committee. There are files posted there already, I am assuming by Linda. Each Board Plus member has the option of uploading documents or accessing documents that are there.

To view documents:

Log in to PNLA website

Click **My Profile**

Go to **My Features** tab

Click **Committees**

Click **Board Plus**

Click **Files** to see or add files
